Listing Database Guidelines

These guidelines were developed based on user research to determine the type of information users expect to find on DiscoverPuertoRico.com. They will help you determine if your listing is a good fit for the DiscoverPuertoRico.com Listing and Events database.

Our goal is to provide information for visitors on fun and exciting things to see and do while traveling to Puerto Rico, so we urge you to use compelling, descriptive language in your entry. While there are many terrific destinations and events taking place across the island, we ask you to only submit listings that will draw visitors from outside the island. Listings must be tourism-related business and do business in Puerto Rico.

Businesses that provide a service requiring a license must be licensed in Puerto Rico and should mention their licenses in their listing, so tourists will know yours is a legitimate business and a safe experience to enjoy. Any adventure providers should also be duly certified by the concerning agencies, insured, and licensed appropriately.

All businesses featured on the website must be in good standing with the Puerto Rican government and not be in default.

Discover Puerto Rico reserves the right to approve, edit, and/or reject any listing submission. After submitting your listing, you will receive an email letting you know the status of your listing submission.

Please, contact us directly with any questions or concerns at website@discoverpuertorico.com, and we will happily provide additional guidance.
